

## Diamonds in the Sky Supply List

### Michelle Renee Hiatt - Instructor

Welcome to the Diamonds in the Sky class. Michelle designed this dazzling quilt for Modern 180 Design. Diamonds in the Sky creates a brilliant 4-piece Diamond, that really radiates, plus a beautiful alternating block, which is really fabulous and gives this quilt dimension and allows it to shine!

Diamonds in the Sky uses 14-20 Fat Quarters, the number depends on the scrappiness you desire. Alternatively, you could use 6" strips or scraps and this quilt would be dynamite. If you want that high contrast use assorted bright fabrics for your Diamonds and a dark or light background.

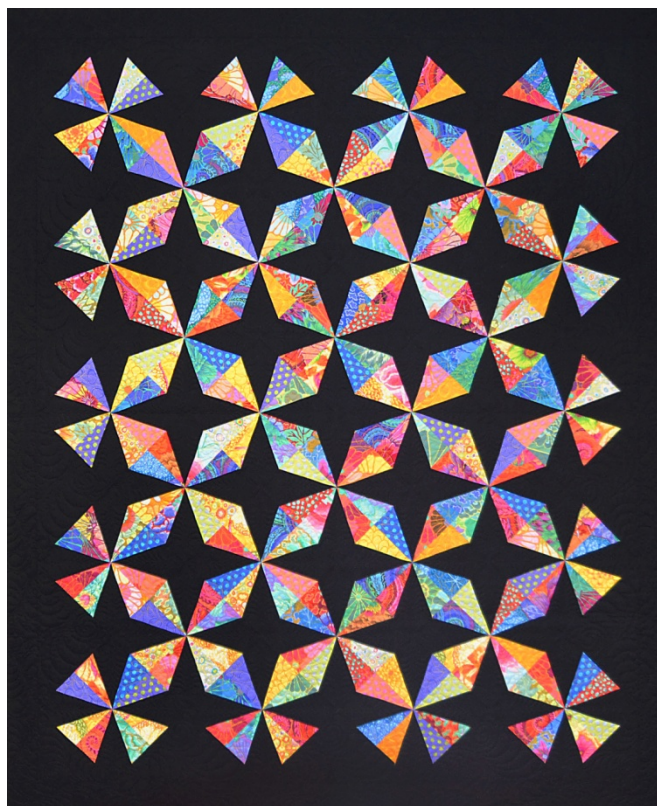

Learn how to use Deb Tucker's Corner Beam™ as you make this fun quilt. The class will include step-by-step use of the Corner Beam, as well as tips on matching points, piecing on-point quilts, strip piecing techniques, and general machine piecing hints and tips.

**Required tools can be purchase in advance of the workshop with 10% discount using code STUDENT10**

If you have any questions, please feel free to contact me at michelle.hiatt@sewonthego.net
