

Intentional Improv

Lynn Koolish

Fiber Artist, Teacher, Author

Class Description

While improvising is often thought of as just making it up as you go, with a little planning, a few guidelines, and stepping back often to look at your work, you can make creative, dynamic improv quilts. A number of options will be presented that you can choose from or follow your own path. The class will also include methods for moving forward if you feel stuck as you work.

Student supply List

Fabric

- Have a variety of fabrics, making sure you have a variety of lights, mediums, and darks.

Other Tools and Supplies

- Sewing machine in good working order
- Your usual sewing tools (seam ripper, thread snips, etc., whatever you like to have on hand)
- Rotary cutter, mat, and ruler
- Neutral color sewing thread
