

Supplies

•**Fabric** - the more variety the better! Pieces don't need to be larger than about an $\frac{1}{8}$ of a yard. Make sure that you have a good assortment of values for each color. For example, if you have red fabric that you'll be using in your project, bring dark, medium and light red fabrics.

•**Fabric glue or fusible web**~ I use Aleene's Fabric Fusion, or Lite Steam a Seam 2 Fusible Web

•**Fabric scissors** (I love the Karen Buckley 6" Perfect Scissors)

•**Pattern** all class attendees will be required to purchase a pattern from Emily in class or on her website: CollageQuilter.com

•Pins, pencil, tape

•1/4" foam core board covered in felt (this is your work surface). Sold at local craft stores, it should be about 20" square. (optional)
