**Scrappy Apple Core Quilt**

There is so much more to English Paper Piecing (EPP) than hexagons! Learning how to create, and hand sew curved EPP shapes together with *practice* will open a whole new world! Michele will teach you how to create the infamous Apple Core plus how to sew them together with a flatback stitch! She will also teach you how to complete the scrappy apple core quilt.

\* Please note that this is a FUN, stress free technique class; and the project will not be finished in class.

**Skill level:** Advanced Beginner > Intermediate (for EPP)

\* This class *is not* for EPP beginners, and those attending need to have EPP experience.

**In order to complete the Scrappy Apple Core Quilt, you must know how to accurately measure; use a rotary cutter; and know how to sew an accurate 1/4" seam on your sewing machine.**

**Kit includes:** Forty-nine 2" EPP apple core paper templates; and the Scrappy Apple Core quilt pattern.

**Kit cost: \$12** plus shipping

**Materials List for Completing the EPP Shapes**
