

Pink Cosmos Fabric Collage
Jane Haworth
Road @ Home Jan 2021

This pattern although titled Pink Cosmos does not need to be made in pink. If you have better fabrics or prefer another color feel free to make your own choice here.

Supply List

PDF Pattern downloaded, printed and taped together.

For the color you choose you will need these fabrics at the minimum. More choices help in collage. You will need approx 9" x 12" sized pieces of fabric or smaller for many of these

2 light pink
2 medium pink
2 dark pink
2 dark moss green
2 medium green
2 light green

Background fabric approx 20" x 22" either a light or neutral. Or improv piece or join neutrals together. You could do this step before class or after the flowers are made.

Pressing sheet or pieces of tracing or parchment paper

Fabric glue and applicator, like a toothpick. I use Aleenes Tacky Glue
Pencil

Chalk marking tool I like the Bonin Chalk pencil

Good sharp scissors. I like Karen Kay Buckley 6" Perfect scissors

To finish: Batting and backing fabric

Threads and machine set to free-motion quilt

You may wish to make a border to increase the size of the quilt. It could be used for a pillow, tote-bag, wall hanging or part of a larger quilt.
