*If you have any questions about this class or materials list, please email me! I will be happy to help you as I want you to succeed!

There is so much more to English Paper Piecing (EPP) than hexagons! Learning how to create, and hand sew curved EPP shapes together with *practice* will open a whole new world! Michele will teach you her technique on how to create the infamous Clam Shell, and how to sew them together to make a 12 ½” square scrappy pillow top.

* *Please note that this is a FUN, stress free technique class; and the project will not be finished in class.*

Skill level: Advanced Beginner > Intermediate (for EPP)

* This class *is not* for EPP beginners, and those attending need to have EPP experience.
