Preparation

In preparation for this workshop, please bring all the items in the **Supplies** list and have your fabrics chosen and numbered. Our goal is to have several blocks complete and at least one row assembled. You will have all the skills needed to finish the quilt top in any size.

Before class if possible:

- Starch and press all of your fabrics.
- If you can cut fabric strips ahead of time, you'll be able to work through more piecing during class.

If you have ANY questions at all please email me at teach.me@geekybobbin.com
