

Creating Great Borders with Westalee Rulers Supply List – with Adele Scott

Borders add the finishing touch to all your beautiful piecing. We'll make designs using the original Westalee Sampler Set and the Westalee Border Set. We'll discuss positioning, corners and marking. Then, if time allows, we'll look at additional border design/ rulers that you might have or would like.

You must have completed a Westalee Sampler Workshop or be comfortable using rulers.

Supplies List:

sewing machine set-up for Ruler Work - **threaded, full bobbin [or 2] and in good working condition**

6 - "fat-quarter" fabric sandwiches [for **top fabric a more solid, darker fabric** is easier to see your ruler lines, typical cotton batting, and backing any cotton print]

Westalee Sampler Set

Westalee Border Set

Fabric markers that show on your fabric top

Crosshair 8 point - either size

optional - DM Marking Tool - either size

G-Easy ruler stickers or colored tape or a fine sharpie to mark rulers

General sewing supplies – a regular, **long quilting ruler** to draw lines

Prep: make sure you have Stable Tape or Grippy Spray on the back of your rulers

Optional - If you'd like to sew leftover border fabrics/ strips at least 4" wide together, you could make practice sandwiches of that.
