

Beginning Bargello

Requirements:

Fabric: 2 width of fabric strips $2\frac{1}{2}$ " wide from each of 12 fabrics

– i.e. 24 strips of fabric, each $2\frac{1}{2}$ " wide

Note: To make a colourwash bargello, the fabrics need to run from light to dark and back again so there is a continuous flow. However, the pattern can be made from any fabrics so a jelly roll could be used **as long as there are two strips of each fabric**

Other equipment:

Sewing machine

Rotary cutter (with sharp blade), mat and long ruler

Neutral sewing thread
