

# Precision Machine Piecing

What A Flake!

This is a project class for learning precision machine quilting on a home sewing machine. Topics include fabric preparation and precision cutting. Students supply their own fabrics. Please have machines in clean, working order with a fresh needle installed. Students should be able to complete one 12-inch block.

## STUDENT SUPPLIES NEEDED:

- Two contrasting fat quarters
- Thread to match or neutral color
- Straight pins
- Mechanical marking pencil
- Clean home sewing machine in working order. (Bring a bobbin, too!)
- Straight stitching foot for your machine
- Fresh machine needle(s) size #70/10
- Thread snips or small scissor
- Rotary cutting mat
- Rotary cutter (with sharp blade)
- Rotary rulers, 6-in. x 24-in. and 4-in. square (or close enough)
- Quarter-inch marker
- Iron and ironing surface
