

Color Me Quilts-
Techniques with
Inkense pencils, watercolor pencils and more!
Half day Class with Desiree!

Come and join me for a fun filled ½ day class learning multiple techniques for applying colored pencils to fabric with amazing results. No artistic skill is required, I will bring almost everything you need for your class so you can just show up and enjoy the day. I will be teaching you the secrets for creating an appliqué look with colored pencil, watercolor pencils and more. In my ***Half*** day class you will be given your choice of one of my pre-quilted blocks from my newest embroidery CD, Color Me Quilts. These are some of my sketches in my sketchbook from Sugar Hill Farms Flowers recreated as stitch files just for you to color! You will have your choice of several designs. I will be teaching you faux finishing techniques like marbling along with blending to give a more realistic look to your designs and how to create textures. Once sealed these pieces become washable and permanent. Its tons of fun and they can be applied to your art quilts or traditional quilts to add details and textures.

I will be giving you ideas for how to use your blocks for totes, quilts and more! There will be a \$40.00 kit fee which will include everything you need to create a beautiful and unique colored block. You also will have access to all of my other art supplies to use while you are in class.
