THREAD PAINTING 101

This is an exploration into thread painting. Thread painting uses thread in the same way that you would draw with a pencil or paint with a brush. It's easier than you think! You will see how a flower can come to life when painted with thread. Project may vary from picture, but you will have plenty of time to perfect your thread painting. We will also try out the easiest way to applique, called slap-li-que, with no special tools or products needed. This hands-on class will give you the opportunity to immediately put into practice what you learn.

Kit Fee: \$30 (cash only please, due in class)

At least 3 spools of thread to take home and fabric sandwiches needed during class

The HQ Capri stationary longarm machine with InSight Table with built-in stitch regulation will be used in class, one student per machine

Supply List:

Optional: If you have some thread at home that you have been wanting to try, you may bring it

Bring yourself, ready to have fun!

An "I can do this!" Attitude
