

Sewing Machines for this class are provided by Baby lock and Moore's Sewing Center.

Due to safety concerns and contractual obligations, you are **NOT** permitted to use any machine other than the machines provided by Baby lock.

The following supply list may state that you need to bring your own sewing machine. **THIS IS NOT CORRECT.** Please do not bring your own sewing machine to this class.

**FOR THE LOVE OF SEWING**

***PLEASE CONTINUE TO PAGE 2 FOR THE INSTRUCTOR'S SUPPLY LIST.***

## Mad Modern Rulerwork Sampler for Beginners Supply List

### Machine Supplies and Materials

**At Road to California 2023, machines, templates, and related tools are provided for this class but here are the items you would need if you were working at home**

- Machine in good order and manual
- Rulerfoot to match your machine
- Machine Screwdriver
- Straight Stitch Throat Plate if it fits the machine rulerfoot setup
- Polyester 40wt
- Bobbins
- Appropriate Spool caps including the tiny, special purpose spool cap
- 90/14 Topstitch or Quilting needle
- Machine extension table such as a Sew Steady table (HIGHLY recommended)

### Standard Quilting Supplies

- **Quilt Top:** Fat Quarter Quilt Sandwich. You can make the quilt block or just mark the block onto a fat quarter quilt sandwich for class. [Mini Mad Modern Quilt Block Center Marking for Beginning Rulerwork Sampler](#). Reminder that if you choose to mark your top and not piece the block, the entire marked block design should be 12” square so each quadrant would measure at 6” square and the “center” square is also a 6” unit.
- A 15” quilt sandwich to test-sew and check your tension. Use the same fabric and batting as your main quilt project piece.
- Thread snips
- Quilt safe marking tools such as chalk and air erase markers that will show up on your fabric.
- Rotary rulers for marking such as a 3” x 18” and an 8” square or equivalent. These will just be used to mark lines, so no specific size is required
- Westalee Spacing Gauge (This is included in the kit fee.)

**Westalee Design Tool Requirements: These tools will be provided except the Spacing Gauge\***

- 12” Arc template
- Westalee Sampler Set 1
- Spacing Gauge\*
- Stable Table
- 8 Point Crosshair (small or large is okay)
- Gliders (Freemotion or Rulerwork Gliders)
- Westalee Stitching Line Disks

### NOTES:

1. This class shows just a small piece of what rulers can do. It is suitable for any level but some freemotion experience is helpful.
2. Additional tools may be shown in class and available for purchase but are not required for class.
3. Both Ruler presser feet and templates are matched to your machine style. For example, a low shank machine will need a low shank template. We will discuss this more in class, but this is important to know at the beginning of the rulerwork learning process.
4. Please email [kate@fabrikatedquilts.com](mailto:kate@fabrikatedquilts.com) for any questions or concerns.
