

### Supply List for Printing Your Own Fabric:

\$10 Kit/Dye Fee includes dyes, auxiliary chemicals, gloves, use of stencils.

All Students will need to bring:

- Fabric: pre-washed (no fabric softeners) cotton fabric. Minimum 5 yds.
- Print Board: 1" foam insulation board cut no bigger than 36" x40", covered in felt or painter drop cloth paper. Having more than one board can be helpful.
- High-density foam roller or two. Can be found in paint aisle of hardware store.
- Roll of Plastic sheeting or Large plastic garbage bags to cover your work.
- Strong/heavy duty pins. I like t-pins...you will be using them to stretch your fabric on the print boards.
- Acrylic sheet or large plastic plate, to be used as a palette, large enough to roll your foam rollers on.
- Silk screen frame
- An apron, smock or wear "painting" clothes.
- Other things to bring: srapper (old credit cards work well), stencils, corrugated cardboard, strings, stamps, paint brush, bubble wrap, texture plates, masking tape.
- 6 or more 8 oz containers (recycled yogurt containers work well).
- 6 or more spoons or spatulas (will not be usable for food after use).
