Painting on Silk: Black Pearl

Road To California 2024
2 Day Painting Workshop

This is a **great** opportunity to try a fabric painting technique without making a large investment in brushes, textile paints, silk, etc. on your own!

Description of Class: Painting on Silk: Black Pearl

I am inspired by the natural world. Won't you join me in my paint box to learn my technique for painting realistic floral imagery onto silk. You will be making a beautiful Black Calla Lily that I call my "Black Pearl". To make it easy, most of materials you will need will be provided in the Mandatory Kit.

Additional Supplies to bring with you to class:

1. Flat (wafer) light table and extension cord
2. A 24" mailing tube so you can transport your project home so it will not get marred by folds or wrinkles.
3. A small disposal empty water bottle with either lid or squirt bottle top. This is for the sizing solution you will be using during class.
4. A water cup
5. 4 White (Plastic or styrofoam) Disposable Plates

Please be sure to label your personal supplies with your name or initials!
Kit fees are due and payable to your instructor at the beginning of class
