Workshop: Machine Quilting Spirals and Swirls **Length:** 6 hours

Level: All

Description:

Learn how to quilt modern, geometric spirals and swirls using both walking foot and free-motion techniques. Students will learn how to quilt stunning designs such as large continuous spirals, geometric spirals, and several swirl variations. Spirals can be quilted in different areas of your quilts, or used as an all-over design. Combine motifs for even more possibilities! Students should be comfortable with basic machine quilting techniques. Bring plain fabrics to practice with, or leftover orphan blocks.
