

ROAD2CA

PLEASE REVIEW BEFORE PROCEEDING

Sewing Machines for this class are provided by Baby Lock & Moore's Sewing Center.

Due to safety concerns and contractual obligations, you are NOT permitted to use any machine other than the machines provided by Baby Lock.

Please do not bring your own Sewing Machine to this class.

Teacher supply lists are generic - they include items that we either provide or are not permitted. Please do not bring individual irons, craft irons or any other type of iron to class. Please review the class info page on www.road2ca.com for more information.

All About Angles {workshop}

Description:

This workshop includes cutting and piecing techniques to construct slabs to use as the building blocks for a project of any size... all without any math. Play with angles in an easy and forgiving way to create a piece with great movement in your design. Students leave with their first improv slabs, which can become a finished mini quilt or built upon for a larger project. Quilting ideas and iterating on a design will be discussed.

NOTIONS AND TOOLS:

- Neutral thread
- Scissors or snips
- Rotary cutter
- Cutting mat
- Acrylic cutting rulers (I like a long ruler that is between 3 ½" and 6 ½" wide, but bring what you have.)
- Straight pins (optional)
- Pencil for notetaking

FABRIC:

- Bring 6-12 fabrics in fat quarter or larger cuts. For ease of cutting, I like to start with all fabrics the same size.
- Choosing two-sided fabrics (solids, cross weaves, batiks, hand dyes, etc.) will provide the easiest workshop experience.
- Choose a variety of values (dark, med-dark, med-light, light) for a dynamic composition.
- Optionally, you may bring ½ to 1 yard of a contrasting fabric for possible use as borders.
- No precutting is necessary.
