# Tiger Longwing Butterfly

28" x 34" finished size

Raw Edge Fused Collage Workshop with Sandra Mollon

## Class Description:

Students will work from Sandra's pattern to do a fabric collage butterfly with some mixed media. Quilting will be discussed but not done in class—no machines are required. Instructor will provide class use of some media, including color pencils and Fabrico markers.

Partial Kit purchase (\$65) will be required.

Kits contain the full pattern, 2 fat quarters hand dyed green cotton fabric, 1 fat quarter hand dyed rust color fabric, 1 fat eight yellow hand dyed cotton, and 2 fat quarters black batik fabric.

## Other Supplies required:

1 yard background 'sky fabric' blue variegated or other light color to build your collage on.

Extra fabrics to make your collage more varied, such as extra fat quarters of black batiks, green batiks, dotty blacks or browns, as you like.

2 yards freezer paper

Pencil with an eraser

Scissors for fabric and for paper

A Craft cutter with a ceramic blade by Slice

Masking tape

Fabric Glue and or fusible adhesive and parchment paper to protect class irons. I regularly use Misty Fuse to adhere my collages, but since we are limited to a smaller number of class irons, you may opt to glue the fabric collage rather than fuse. We will be using class irons to iron the freezer paper templates to the fabric prior to cutting.

Optional: A light box to help with tracing the pattern onto the freezer paper

Media: Students can choose to have some of their own media to use in the workshop. I recommend a set of color pencils, artist quality, at least 36 colors. Fabrico Markers in Pea Pod #167, Sand #152, Truffle Brown #155, Real Black #182, and All Purpose Ink White #80.
