In this class, I'll guide you through a unique technique that makes perfectly smooth small circles. **Bonus:** An amazing presentation on how the use of contrast and block layout completely change the look of this miniature quilt.

Before class:

- Starch and press background fabrics. Curves require working with bias. Starching fabric before cutting reduces distortion
- Cut (14) 6" squares from background fabrics
- Order the Mini Moons quilt pattern and supplies at SnapdragonQuilting.com/shop

Materials:

- **Pattern:** Mini Moons Quilt Pattern
- **Fabric:** Avoid low thread count fabrics as they fall apart when cut on the bias.
 - (1) 5" x 5" precut square pack or twenty 5" squares
 - (2) or more background fabrics, 1/3 yd of each
- Coordinating thread
- Batting, backing, and binding are not needed for class but will be needed to finish the quilt, refer to the pattern for yardages.
- Coloring pages (free at SnapdragonQuilting.com/post/mini-moons-story-coloring-pages)
- Colored pencils
