

Sewing Machines for this class are provided by BERNINA of America and Mel's Sewing Center.

Due to safety concerns and contractual obligations, you are **NOT** permitted to use any machine other than the machines provided by Bernina.

The following supply list may state that you need to bring your own sewing machine. **THIS IS NOT CORRECT.** Please do not bring your own sewing machine to this class.

Fiesta

An unusual spinning star block created with two Studio 180 Design tools, Split Rects® and Corner Pop®. Participants will construct units slightly oversized and quickly trim them to precision measurements. Efficiency, accuracy, and ease are built into all techniques, yielding razor sharp points every time. This project is perfect for a stack of 10" squares awaiting its day to shine.

This pattern gives instructions for three different size projects using 10" squares of bright fabrics plus a background. The cover shows a light/white background, but if you visit the Fiesta pattern page on our website, you can see a version with a very dark purple background. Both are very different in appearance, and each is spectacular.

During class, participants will be learning how to use two tools, Split Rects® and Corner Pop®, as they work to create the Fiesta blocks. Mixing and matching constructed and trimmed Split Rectangle units will give a wide variety of block pairings. Once color groupings are established, the Corner Popping will begin. You'll be amazed at how easily these blocks go together. We will also be addressing the pieced border construction and building a small section for each student to take home as a reference.

Pre-cutting is required for this class.

The listed pre-cut shapes will yield a small wall quilt. Additional cutting will be required for any of the other three projects contained in the pattern. All sub-cutting of strips will be addressed during the lesson. Please come prepared.

Looking forward to seeing you at our upcoming workshop. If you have any questions, contact me at: tuckerdk180@gmail.com.

Pre-Cutting

The listed cutting is for class construction and technique practice only. It will make a five block wall quilt. If you wish to make one of the three pattern size projects, consult our website pattern page for a listing of the complete yardage totals.

Only bring the required pre-cut shapes to class.

All sub-cutting will be covered during the workshop.

Brights:

Cut 12 squares 10" x 10". Sub-cut each square into
1 strip 6" x 10" and 1 strip 3" x 10".

Background:

Cut 2 strips 6" x wof.

Cut 1 strip 3¾" x wof.

Cut 2 strips 5¼" x wof.

Equipment and Supplies

Required Tools:

Split Rects® and Corner Pop® - available in class if needed

Sewing Machine - in good working order unless you are in a machine sponsored workshop. Check with your event coordinator.

Rotary Cutter - new blade recommended

Mat

Regular Cutting Ruler - 6" x 12"

Neutral Colored Thread

General Sewing Supplies - scissors, pins, seam ripper, etc.

Highly Recommended:

Invisigrip - for back of tools

Optional:

Chair Cushion

Additional Light Source

Extension Cord

Sewing Machine Manual

Camera, Notebook, Pencil

Treats for the Teacher - who wants an "A"?
